

✓ General Testing & QA Process

- 1. What is regression testing?**
 - 2. What are different methodologies of SDLC? Explain each.**
 - 3. What is SDLC and STLC? And explain its phases.**
 - 4. Define your roles and responsibility.**
 - 5. What are the different reports in Testing?**
 - 6. What are the key components of the TestCase report?**
 - 7. What are the components of a defect report?**
 - 8. What is usability testing?**
 - 9. What are the steps for reporting the defect in Jira?**
 - 10. What are the different closure reports?**
 - 11. What is the difference between a Test Plan and a Test Strategy document?**
 - 12. What is the defect lifecycle in JIRA?**
 - 13. What is the difference between verification and validation?**
 - 14. What is test coverage and how do you ensure it?**
 - 15. What are entry and exit criteria in testing?**
 - 16. What is a traceability matrix (RTM) and why is it important?**
 - 17. What is smoke testing and how is it different from sanity testing?**
 - 18. What is exploratory testing? When do you perform it?**
 - 19. What is defect leakage and how do you measure it?**
 - 20. What is a test environment and how do you manage it?**
-

✓ Agile, Scrum, and Sprint

- 21. Define Agile.**
- 22. Define Scrum and Sprint.**
- 23. What is the estimation in Sprint?**
- 24. What is sprint backlog?**
- 25. What is sprint?**
- 26. What is the role of a QA in Agile?**
- 27. What is a user story and how do you write acceptance criteria?**

- 28. What is the difference between epic, story, and task?
 - 29. What is a daily standup meeting and what is your contribution?
 - 30. What is a retrospective meeting? What points do you share?
-

Jira and Defect Management

- 31. What is Jira?
 - 32. How do you log defect in Jira?
 - 33. How do you link bugs with the user story?
 - 34. What are the different issue types in Jira?
 - 35. How do you generate a burndown chart in Jira?
 - 36. How do you manage test cases in Jira using Zephyr or Xray?
 - 37. How do you assign defects to developers or QA leads?
 - 38. What status transitions can a bug go through in Jira?
-

Java OOPs and Core Java

- 39. What is Constructor and Abstraction in Java?
 - 40. Define the OOPs concept in Java.
 - 41. Give me examples of OOPs which you used in your framework.
 - 42. What is final keyword?
 - 43. What is Constructor Overloading?
 - 44. What is the difference between interface and abstract class?
 - 45. Explain encapsulation with example.
 - 46. What is method overloading vs overriding?
 - 47. What is polymorphism? Types?
 - 48. Can we overload the main() method in Java?
 - 49. What is the difference between this and super keyword?
 - 50. What is static in Java? When do you use it?
 - 51. What is the difference between equals() and == in Java?
-

✓ Selenium WebDriver

- 52. Define Structure of Selenium.
 - 53. How will you handle the dropdown in Selenium?
 - 54. Different types of wait in Selenium? Explain each of them.
 - 55. Why are we using "WebDriver driver = new ChromeDriver()"? Why can't we write RemoteWebDriver driver = new ChromeDriver()?
 - 56. How to maximize the screen in Selenium?
 - 57. How to handle multiple windows in Selenium?
 - 58. How do you capture screenshots in Selenium?
 - 59. What is the Page Object Model (POM) and why is it used?
 - 60. What is the difference between findElement and findElements?
 - 61. How do you handle dynamic web elements?
 - 62. How do you run Selenium scripts in different browsers?
 - 63. How do you upload a file in Selenium?
 - 64. How do you handle frames in Selenium?
 - 65. What is Explicit Wait and write its syntax.
 - 66. What is the difference between Quit and Close in Selenium?
-

✓ TestNG

- 67. What is TestNG?
 - 68. What is the difference between hard and soft assertion?
 - 69. Explain the different Annotations in TestNG.
 - 70. What is the use of dataProvider in TestNG?
 - 71. What is the difference between @BeforeMethod and @BeforeClass?
 - 72. What is test dependency in TestNG?
 - 73. How to run failed test cases in TestNG?
 - 74. How do you create a TestNG suite XML?
-

✓ Cucumber & BDD

- 75. Write Scenario Outline in Cucumber.

- 76. What is the difference between scenario and scenario outline?**
 - 77. What are hooks in Cucumber? (Before, After)**
 - 78. What are step definitions and how are they linked to feature files?**
 - 79. How do you implement parameterization in Cucumber?**
 - 80. How do you run tests in parallel using Cucumber?**
-

✓ Advanced Selenium & Framework Design

- 81. What is a hybrid framework?**
 - 82. What is a data-driven framework and how do you implement it?**
 - 83. How do you integrate Selenium with Jenkins?**
 - 84. How do you generate test reports in your framework?**
 - 85. How do you manage reusable functions in your framework?**
-

✓ Miscellaneous

- 86. What is black box and white box testing?**
- 87. Define functional testing.**
- 88. Define Priority and Severity of the Bug.**
